

OUR VISION

- Enhance the public realm with ground floor uses that the whole community can benefit from, including a terraced public park and flexible retail and workspace.
- A state-of-the-art student housing facility which offers our students a great place to live and study.
- An attractive design which gives a clear identity to this flagship site, looks good from every angle and responds to the opportunities presented by the site.
- An ambition to deliver a sustainable building with extensive greening.
- A new public entrance to Stratford Underground Station.
