

NEXT STEPS

- Following our survey of local people in Stratford earlier in the year asking what public realm improvements they'd like to see, we now want to hear what you think of our evolving plans presented today.
- We will review and consider all comments we receive before finalising our scheme and submitting it to the London Legacy Development Corporation for their consideration.
- LLDC will then carry out their own consultation before making a decision about whether to grant planning permission. This will likely be in summer 2022.
- Please let us know your comments by filling in one of our feedback forms at today's exhibition, visiting our website [meridianconsultation.co.uk](https://www.meridianconsultation.co.uk) or emailing us at info@meridianconsultation.co.uk. You can also call us on **0800 319 6185**.
